Quality & Quantity

Contents of Volume 28 (1994)

Vol. 28, No. 1

M.S. de Vries: Evaluations using nonparametric statistics 1
R. Franzosi: Outside and inside the regression "black box" from exploratory to interior data analysis 21
J.P. Malrieu: Coloured semantic networks for content analysis 55
K. Kimura: A micro-macro linkage in the measurement of inequality: another look at the Gini coefficient 83
H. Hoijtink and I. Molenaar: An item response model with single peaked item characteristic curves: the PARELLA model 99

Vol. 28, No. 2

Research Report:
J. Benson and J.A. Fleishman: The robustness of maximum likelihood and distribution-free estimators to non-normality in confirmatory factor analysis 117
M. Jacobs, J. Cross, and E. Smailes: CIM: Computer interviewing by mail 137
M.R. Veall and K.F. Zimmermann: Evaluating Pseudo-R^2's for binary probit models 151
J.C. Gower and G.B. Dijksterhuis: Multivariate analysis of coffee images: a study in the simultaneous display of multivariate quantitative and qualitative variables for several assessors 165
H.W. Marsh and J. Balla: Goodness of fit in confirmatory factor analysis: the effects of sample size and model parsimony 185

Vol. 28, No. 3

Research Paper:
B.G. Hanson: The potential of videotape data: emotional correlates of senile dementia in families as a case in point 219
A. Smaling: The pragmatic dimension 233
J.W. Endersby: Nonpolicy issues and the spatial theory of voting 251
T.W. Taris and I.A. Bok: Unfolding event histories: scaling of non-repeating events 267
M.G. Sklar and R.D. Armstrong: Robust estimation procedures and visual display techniques for a two-way classification model 283

C. San Luis Costas, P. Prieto Marañon, and J.A. Hernández Cabrera: Application of diffuse measurement to the evaluation of psychological structures 305
Note:
G.B. Rossman and B.L. Wilson: Numbers and words revisited: being shamelessly eclectic 315

Vol. 28, No. 4

J.J. Hox and E.D. de Leeuw: A comparison of nonresponse in mail, telephone, and face-to-face surveys 329
M. Kuokkanen and J. Savolainen: The growth of sociological theories 345
A. Ben Oumlil and J.L. Balloun: Some simple structure significance tests for exploratory component analysis with market survey data 371
J.K. De Vree: The meaning and measurement of behavior 383
S.I. Miller and M. Fredericks: Probability and the subjective evidence condition 411
J. Faber and H. Koppelaar: Chaos theory and social science: a methodological analysis 421
Note:
M. Visser: Beyond the ecological fallacy 435
Author index 445
